## ERGOPRISM<sup>®</sup>

### STUDENT TESTIMONIAL

“ We had a few companies come to our school, so the challenge of choosing a pair of loupes felt quite intimidating, to say the least, but I was particularly drawn to LumaDent and their Ergoprism loupes! Unlike the other loupes that I tried on, this was the only pair that didn't require me to bend or strain my neck while working in the clinic! They allowed me to maintain my natural posture and practice with ease. I purchased the 3.3x magnification loupes as well as their ProLUX LED headlight. I am very happy with my decision and glad I was able to start practicing from the beginning of my clinical years with my LumaDent loupes!

*Michelle, Dental Student*

# LUMA DENT

## ERGOPRISM<sup>®</sup>

### STUDENT TESTIMONIAL

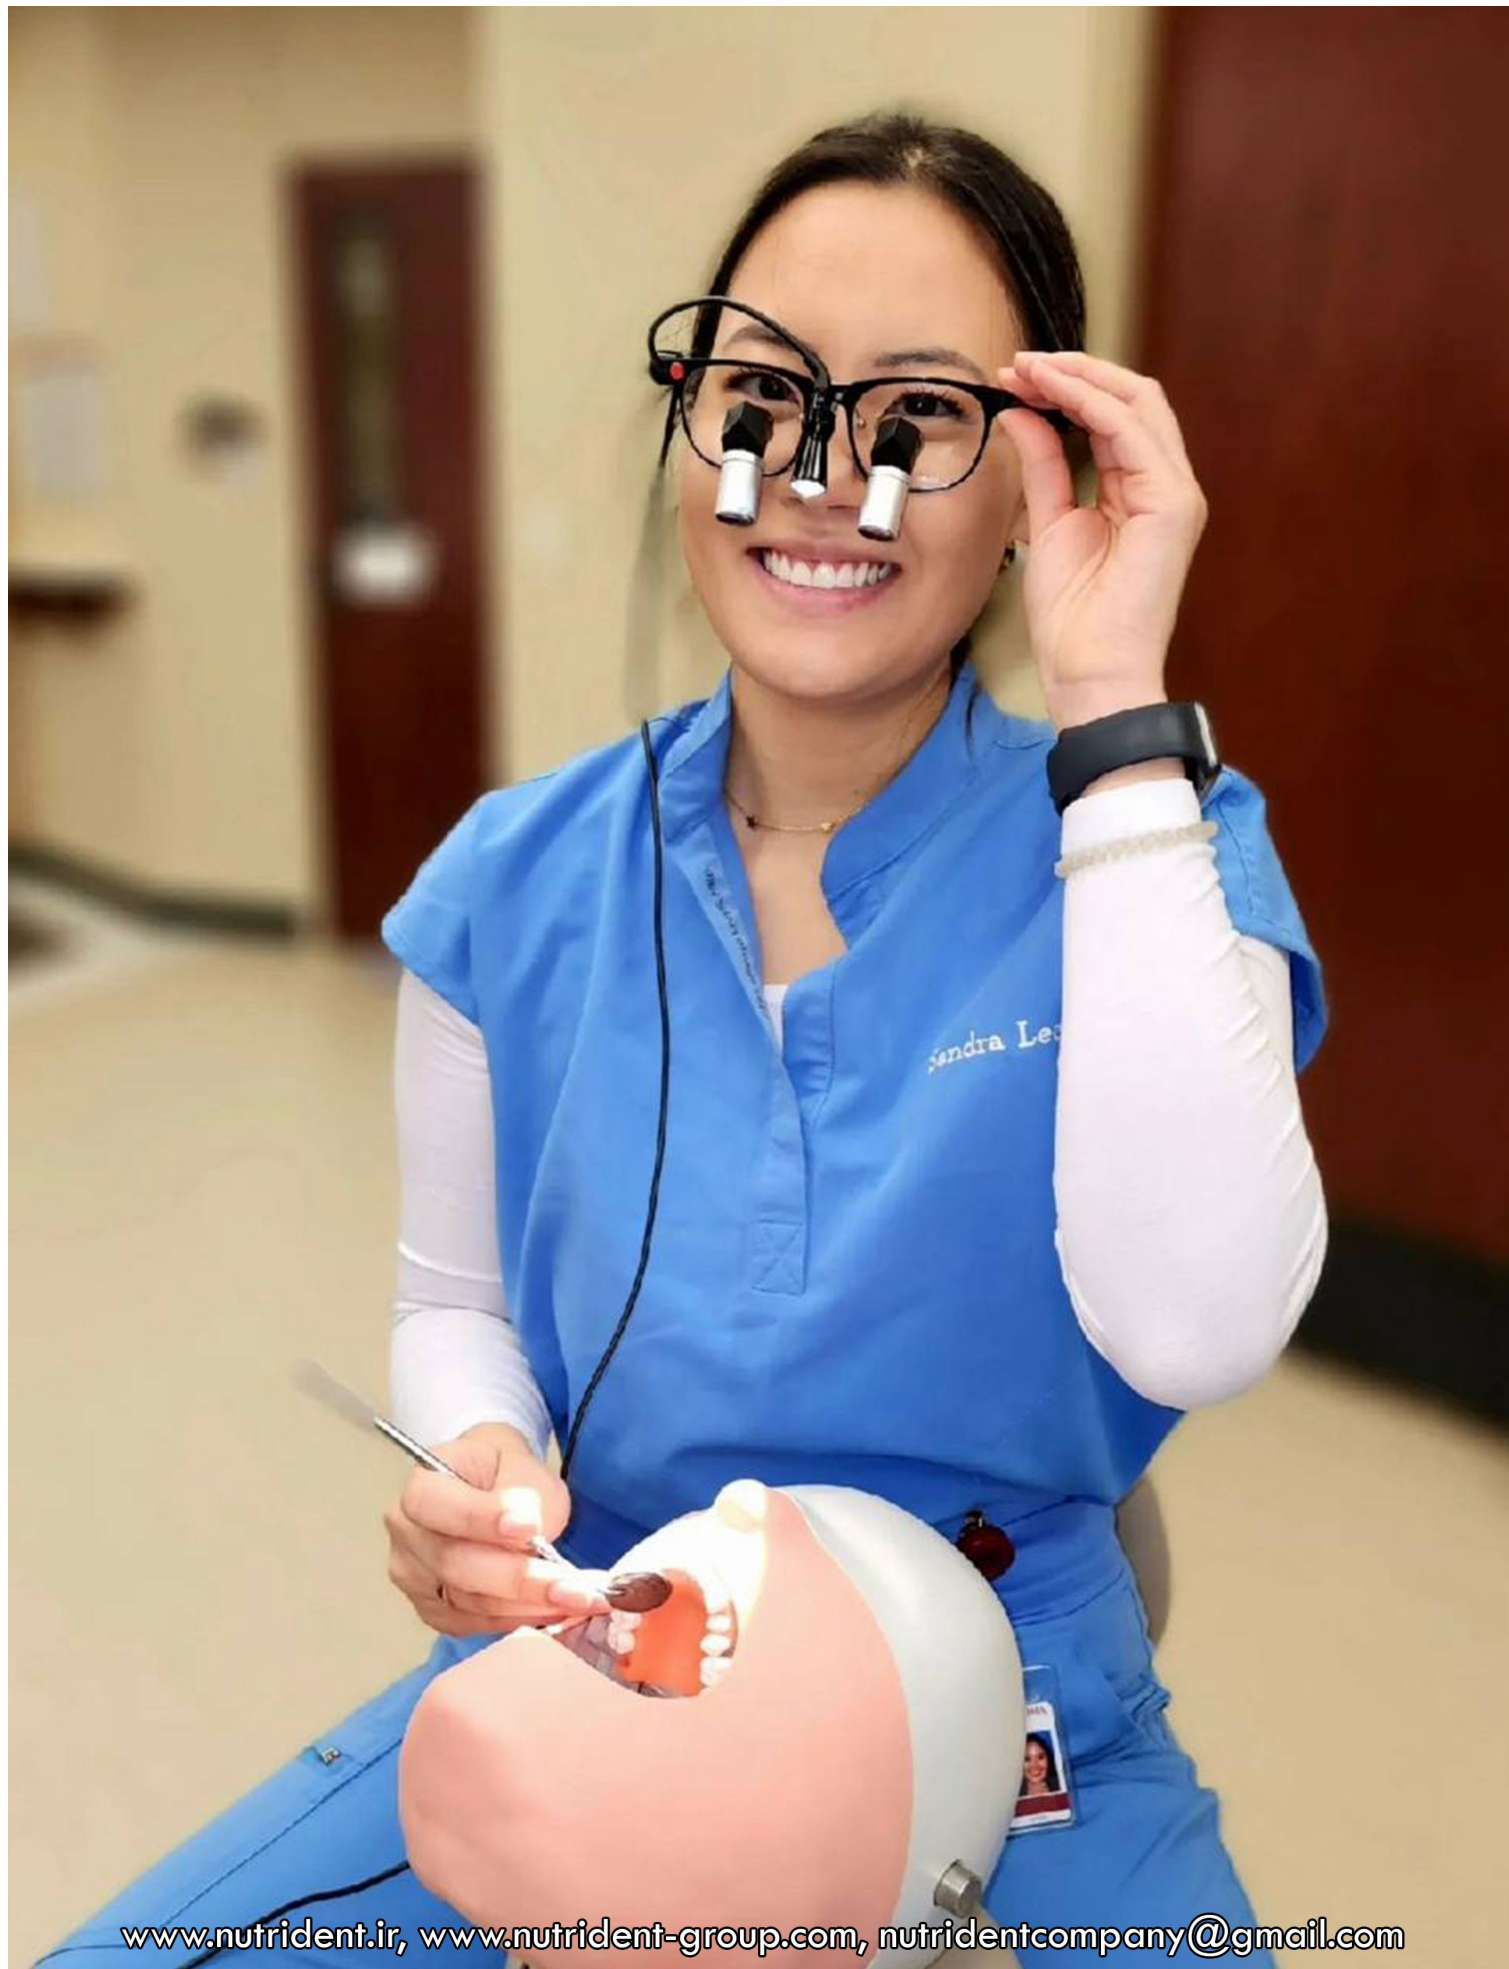

**“ I absolutely love these loupes. It eliminates all of my back and neck pain and truly goes above and beyond what is promised. I find that it helps me excel in my work in dental school.**

*Sushma, Dental Student*
